## **POOL PLAYER POLICY FOR REGULAR SEASON**

### **Reg. 5 (c), LLBB and LLSB Rule Books**

1. Pool Players are allowed in **ALL Divisions** – subject to the restrictions described below and regulation 5 (c).
2. **Pool Players:** Each League's Player Agent is responsible for maintaining his/her League's Pool Player List.
3. Pool Players are assigned on a game by game basis. **Player Agent is responsible for rotating names. Pool Players should not play back to back games for one team.**  
**Exception:** If the team is playing a double-header the same Pool Player(s) may be assigned for both games.

## 2024 DISTRICT 17 BASEBALL INTER-LEAGUE RULES

4. **Pool Players MAY PLAY ANY POSITION EXCEPT PITCHER. NO EXCEPTIONS!**
5. Every Pool Player who attends his/her assigned game must play a minimum of 9 defensive outs and bat at least once. (if the player becomes sick or injured or the game is ended early due to a run rule, weather, or any other reasons, it is acceptable for the Pool Player to have less than 9 defensive outs/1 at bat).
6. Pool Players must not start games unless there are less than 9 players on the team.
7. Pool Players must sit on the bench except when playing their minimum time. **If two Pool Players are used, they must be substituted for each other and allow the regular team players to play the whole game.**
8. At the pre-game meeting at home plate, each Manager must inform the Home Plate Umpire and the opposing team Manager of any Pool Players participating in the game.
9. Pool Players shall play in their regular season team's uniform (helps identify the Pool Players)

A Team shall NOT be assigned Pool Players for a game if the team already has 10 or more players. If a team only has 7 to 9 players, 1 or 2 Pool Players can be added to bring the number of players for the game up to 9 or 10. If a team has less than 7 players, the Player Agent shall contact the League President. The League President or their designee shall **contact the other League President to determine when their game can be rescheduled (pertains to Inter-League play)**, Presidents should make every attempt to reschedule their games within their League. Pool Players are intended to “supplement” a team when it is short of players for a game – it is not intended to take 5 or 6 regular players and add 4 or 5 Pool Players – the team on the field should be primarily players from the team's regular season roster.

If a team's Regular Player (who is being replaced by a Pool Player) arrives at the game site:

1. after the game has started, the late arriving player can be entered into the game per Rule 4.01 (d) Note 2. However the Player then must meet Mandatory Play Reg.IV(i) requirements. He/she can replace a Pool Player after he/she has met their Mandatory Play time.
2. before the game has started, he/she will be treated same as other team players. However, the Pool Player will still play the minimum as shown in #5 above.
